

MENU' MATERIA | SPAZIO CUCINA

Research, land, sustainability, tradition

The journey of **Materia | Spazio Cucina** starts here, a perpetual journey made of recovery of **Island recipes**, of meetings with **small producers** and of virtuous projects, of **ingredients selected** around Sicily, of travels and discoveries, of changing seasons that bring new flavors, exchanges and always new ideas.

At the center are the **raw material** and **Creativity**: we have respect for each ingredient, and a philosophy of **ethics** and **sustainability** that pushes us to interpret it in all its facets, to enhance it and to reduce waste.

That is how a new, unique menu is born, which tells **new hybrid stories** and which focuses on flavors and ingredients, without pre-set rules. Here every dish, including **our bread**, stems from meticulous work that includes study, care, time and passion.

An invitation to travel with us - **from the fish market to the countryside, from the butcher to the farm, from the market to the pastry shop** - to appreciate the generosity of our land (and beyond), guided by curiosity, instinct and the desire to experiment.
